

PRESS STATEMENT

Singaporeans are being asked to believe that today we have elected a President of our own choice.

The PAP capacity for proclaiming falsehoods appears to know no bounds.

That we, the people of Singapore, elect our President is one of the many lies that abound about Singapore put out by the PAP.

For the second time the PAP have demonstrated that they will have no one as President other than someone handpicked by them regardless of the wishes of the people. And to call their handpicking of the President an election by the people is not just a mockery but thoroughly dishonest. Should not the office be now changed to The PAP President of Singapore.

Singapore, under the PAP, has become a city state tuff of deception. and hypocrisy and we are asked to be proud of Singapore.
